

SOUTH YORKSHIRE PENSIONS AUTHORITY RISK REGISTER AS AT 26/08/2021

Key:

Risks currently under particular focus are:

Risk No	Risk Type	Risk Title	Current Score
03	Operational	Closure of Government Guaranteed Minimum Pension service and reconciliation exercise.	12
05	Operational	Disruption to services due to failure to complete the works required to Oakwell House on time and on budget	9
12	Investment and Funding	Failure to maintain the gains in funding levels achieved since the 2016 valuation, either as a result of falls in the market value of investments or an increase in the value of liabilities.	8
16*	Investment and Funding	Contribution rates for employers are unaffordable due to business interruption	8
G3*	Governance	Disruption and reduction in the effectiveness of the control environment	6

SOUTH YORKSHIRE PENSIONS AUTHORITY RISK REGISTER AS AT 26/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
G1	Governance	Failure to ensure that the elected Members knowledge and understanding of pensions related activities is robust and meets the statutory requirements in terms of Section 248a of the Pensions Act 2004.	Leading to Improper scrutiny and challenge by elected Members; Mistakes, errors and omissions and non-compliance with statutory requirements; Failure to ensure contributions are collected; Failure to ensure benefits are calculated properly; Failure to ensure surplus monies are properly and prudently invested; Reputational damage in terms of censure from regulators.	Clerk to the Authority	Induction training provided to new Members which comprises a three day external training course; Programme of internal seminars; Periodic awareness presentations delivered to Members; A self-assessment framework for Members and Chairs is in operation but needs refining – this should assist in identifying training requirements; Lead member for training identified; Working to the spirit of CIPFA Code of Practice (Code of Practice on Public Sector Pensions Finance, Knowledge and Skills, revised in 2013 Production of Annual Report which includes commentary on Members training activities; External training augmented by internal training.	9	I = M P = M	2	I = L P = VL	Review of Member self-assessments. Addition of the Regulator's on line toolkit as a mandatory training requirement. Strengthen learning and development strategy <i>Comment 25/08/21 There has been a significant change in the membership of the Authority following the elections meaning that the current level of knowledge and understanding is less than it was. Measures have been put in place to make additional learning and development resources but at this stage no change in the score could be justified.</i>	Clerk to the Authority Clerk to the Authority Clerk to the Authority/ Director		25/08/2021
G2	Governance	Failure to ensure that the Local Pension Board is effective in carrying out its role.	Leading to Ineffective scrutiny of the way in which the Scheme Manager (the Authority) exercises its responsibilities Action by the Regulator.	Clerk to the Authority and Director	Induction training and commitment to an ongoing programme of learning and development for all members. Introduction of an independent element to ensure that the Board is not "officer led". Stabilisation of Board membership.	6	I=M P=M	2	I=L P=VL	Additional learning development opportunities being provided. Self-assessment exercise conducted highlighting areas for improvement <i>Comment 25/08/21 - No change in the overall position since the last review. Changes to the Board's constitution will provide more stability to membership and the impact of this will be kept under review.</i>	Clerk to the Authority/ Director		25/08/2021
G3*	Governance	Disruption and reduction in the effectiveness of the control environment	Remote working makes operation of baseline control arrangements more difficult or impossible Covid 19 infections reduce the numbers of staff available so that current controls cannot be operated	Senior Management Team	Adaptation of previous control arrangements to a remote working scenario to ensure that controls continue to operate in the first instance. Electronic workflows that accommodate staff absence in dealing with sign offs Ensuring that more than one person is capable of performing any task within a control process Ongoing review of staff absences at regular SMT meetings allowing risks to be highlighted early	6	I=M P=L	6	I=L P=M	Gradual extension of the number of processes where electronic workflows are used. Identification of staff who could be trained to provide cover in areas where resilience is lower than others <i>Comment 25/08/21 - The position has not changed, although work is continuing to implement the new financial systems which should provide further opportunities to both streamline and strengthen the control framework which could further reduce the score.</i>	Senior Management Team		25/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
11	Investment and Funding	Failure to ensure that the Authority has appropriate access to its cash resources to meet its commitments to make payments. (Liquidity and credit risk.)	Leading to Financial loss; Negative impact on overall financial viability of the Scheme; Inability to meet pensioner payroll costs and investment commitments. Reputational damage.	Director	The Fund has immediate access to its cash holdings with the majority of cash being deposited for no longer than a week. Levels of cash holding are monitored daily. Treasury activity reviewed weekly by management and twice yearly by elected members with an annual review of limits. Treasury Management Strategy sets limits for the duration and risk profile of deposits with financial institutions. Triennial actuarial review considers contribution rates and cash flow requirements. New software available from the Actuary to assist with cashflows and funding level.	3	I = M P = VL	4	I = L P = L	Introduction of quarterly reporting of treasury activity to elected members. Consideration being given to splitting frictional cash (required for day to day purposes from cash awaiting investment). <i>Comment 26/08/21 - No change from the previous assessment. Cash holdings remain below their peak level with a regular flow of income being captured to ensure the level of "float" remains stable.</i>	Director		26/08/2021
12	Investment and Funding	Failure to maintain the gains in funding levels achieved since the 2016 valuation, either as a result of falls in the market value of investments or an increase in the value of liabilities.	Leading to The need to maintain high (and possibly unaffordable) levels of deficit contributions. The need to increase future service contribution rates which may create financial difficulties for employers given the economic environment in which they operate. Critical review by the Government Actuary as part of their s 13 Valuation.	Director/ Head of Investment Strategy	The Investment Strategy already looks to shift out of more volatile "growth" assets into less volatile income earning assets.	8	I = H P = L	4	I = H P = VL	First principles review of the Investment Strategy to be undertaken alongside the triennial valuation from April 2019 for implementation from April 2020. Options for containing or reducing liabilities (e.g. a trivial commutation review) will be examined following the actuarial valuation. However, in the meantime data cleansing activity will be focussed on areas that impact the value of liabilities. <i>Comment 26/08/21 - No change from the previous assessment. The strong performance of equity investments has resulted in a regular process to rebalance away from equities in effect taking profit and investing it in other asset classes. However, the pace of build up of these other investments is generally less than the rate of growth in the equity portfolio thus the level of risk remains unchanged.</i>	Director/ Head of Investment Strategy		26/08/2021
13	Investment and Funding	Failure to implement effective arrangements for the oversight of investment management functions being undertaken by Border to Coast Pensions Partnership.	Leading to Inability to adhere to Authority policies and potentially not be able to fulfil the Investment Strategy.	Head of Investment Strategy	Border to Coast is an FCA regulated body and as such is expected to adhere to the Stewardship Code and work within stipulated guidelines as set out in prospectus. These guidelines were set with discussion with underlying funds. Alignment of policies with underlying fund policies Ensured that Border to Coast have sub funds to allow SYPA to fulfil its strategy. Ongoing collaboration about policy. Ongoing collaboration regarding potential changes to Authority strategy. Analysis of investment performance on a monthly/quarterly basis with detailed analysis on an annual basis.	6	I = M P = L	6	I = M P = L	Border to Coast have agreed a process for the provision of controls assurance with all the audit firms involved in the LGPS. <i>Comment 26/08/21 - This risk remains in line with the target. The Annual Review of the Partnership identifies opportunities to improve oversight in some areas, but none of these point to any fundamental change in the profile of the risk.</i>	Head of Investment Strategy		26/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
14	Investment and Funding	Failure to secure products through Border to Coast which address the requirements of the Fund's investment strategy.	Leading to Failure to achieve required investment return. Erosion of the overall value of the Fund. Negative impact on contribution rates at valuation points.	Head of Investment Strategy	Ongoing dialogue with both Border to Coast and partner funds in order to influence product development. Monitoring of developments in the market place and where appropriate championing these within discussions with Border to Coast and partner funds.	4	I = H P = VL	3	I = M P = VL	Engagement with Border to Coast as an "implementation partner" in the development of the investment strategy. <i>Comment 26/08/21 - No change from the previous assessment. Any change will depend on the finalisation of the property proposition.</i>	Head of Investment Strategy		26/08/2021
15	Investment and Funding	Impact of Climate Change on the value of the Fund's investment assets and its liabilities. Changes in the liability profile of the Fund.	Leading to An increased gap between the value of assets and liabilities. Reduction in the level of investment income as companies failing to adapt to a low carbon economy become less able to pay dividends. Changes in the liability profile of the Fund.	Director and Head of Investment Strategy	Climate Change Policy in place in addition to the Responsible Investment Policy, supported by engagement activity with investee companies to encourage a planned and more rapid transition to a low carbon economy. Ongoing monitoring of the carbon intensity of equity portfolios every other year in place Lower carbon tilt adopted within the equity portfolios and continued by Border to Coast. Investment in the extended opportunity set provided by the move to a low carbon economy targeted within the Alternatives portfolio, particularly infrastructure. Ongoing monitoring of demographic data by the actuary in place..	15	I = VH P = M	9	I = M P = M	Product from the Border to Coast Climate working party including providing more regular measurement of the carbon intensity of portfolios. Consideration of alternative investment approached as part of the Investment Strategy Review. Scenario planning within the context of the ongoing development and review of investment strategies. Adoption of a "net zero by 2030" goal together with improvements in impact reporting to fully understand the scale of emissions. <i>Comment - 26/08/21 - No change in assessment. Updated data for the equity funds indicates significant reductions in emissions. However these do not put the fund overall on a trajectory to meet the Net Zero Goal and consideration will need to be given to the additional levers available beyond the work on the investment process for the equity funds already in hand.</i>	Head of Investment Strategy Head of Investment Strategy Director Director		26/08/2021
16*	Investment and Funding	Contribution rates for employers are unaffordable due to business interruption	Employers (particularly TAB's and CAB's) unable to meet their liabilities due to not receiving income as a result of the interruption of their business due, for example, to school closures.	Head of Pension Administration	Existing assessment of employer risk and covenant identifying higher risk employers Ongoing communication and dialogue with employers and the Fund Actuary to identify possible options.	8	I = L P = H	8	I = L P = H	Identification of the applicability of the policy responses for private sector DB schemes to LGPS and engagement with the Scheme Advisory Board Implementation of new regulations allowing interim valuations and increased flexibility around exits <i>Comment 26/08/21 - No change from previous assessment. Consultation on employer flexibilities has been delayed due to other priorities. No further requests for assistance in terms of ongoing contributions have been received from employers.</i>	Head of Pension Administration		26/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
I7*	Investment and Funding	Business continuity failures mean employers are unable to meet contribution payment deadlines.	Employers unable to submit monthly data returns on time which from April 2020 will generate the input for direct debit payments. Disruption to Fund cash flow	Head of Pension Administration and Head of Finance and Corporate Services	Ongoing dialogue with employers to identify problems early. Maintenance of significant available cash balances through the Treasury Management portfolio	3	I = VL P = M	4	I = L P = L	Enhanced monitoring of contribution receipt and cash flow Redirection of Engagement Officer resource to maintain contact with employers to provide early warning of issues Focussed support to employers with the greatest difficulties, for example support with data submissions <i>Comment 26/08/21 - Employer compliance continues to be very high. However, the impact of changes to processes to speed up the back end processing of submitted data by providing more up front validation needs to be assessed before removal of this risk.</i>	Head of Finance and Corporate Services Head of Pension Administration Head of Pensions Administration		26/08/2021
O1a	Operational	Failure to ensure the Authority protects the data it owns and the data it handles against inadvertent release	Leading to Loss of personal information resulting in reputational damage and censure by Information Commissioner; Loss of trust from partner organisations; Successful attacks by hackers or third parties; Disruption and delays.	Director	Data backup undertaken daily and backed up information removed from site; Disaster Recovery Procedures and Business Continuity Plan in place; External audit by third party organisations the Authority works with; Reporting of Incidents to Information Commissioner; Information Governance training included in the training programme; Independent Data Protection Officer established ; Contract management arrangements regarding the software provided by SY Pensions to third parties includes performance management consideration; Physical security of offices improved following relocation to Gateway Plaza	8	I = H P = L	6	I = M P = L	Bi Annual review of Business Continuity Plan. Data breaches reported to Local Pension Board quarterly for scrutiny. Data Protection Officer Assurance programme introduced. Reduction of in-house 'manual' mailing of personal data. Move to secure online communications with members where possible (e.g. Annual Benefit Statements).	IT Manager Head of Pensions Administration Head of Pensions Administration Head of Pensions Administration		26/08/2021
O1b	Operational	Failure to ensure the Authority protects the data it owns and the data it handles against cyber-security threats.	Cyber risk – the risk of loss, disruption or damage to the Authority or its staff/members due to its information technology systems and processes failing. Including risks to information, data security, as well as assets and both internal risks from staff and external risks from hacking and computer misuse.	Director	Cloud based email management platform including targeted threat protection against email borne threats such as malicious URL's, malware, impersonation attacks and internally generated threats; ICT Security Policy and an effective system of governance in place; Mandatory GDPR/data protection and cyber security training for all staff; Comprehensive Patch Management Policy covering all desktop and server hardware/software; Annual ICT health checks and penetration testing via a CREST certification body; Cyber Essentials Plus Accreditation; Police vetting clearance for ICT staff; The principle of least privilege applied to all user accounts.	8	I = H P = L	6	I = M P = L	Cyber Security training identified for all staff; Develop an incident response plan to deal with incidents and enable the Authority to swiftly and safely resume operations; Establish an Incident Response Retainer; Migration to advanced cloud based Anti-Virus/End Point Protection solution; Database encryption of sensitive data. Penetration testing using mock "spearfishing" attacks being undertaken SMT approved additional training and implementation of new password policies <i>Comment 26/08/21 - All evidence points to an increasing number of potential attacks on the network, although evidence is also that staff awareness is high and resulting in potential attacks being identified and addressed. Ongoing training and awareness raising activities are continuing. At this stage no reduction on the score in either of these two risks can be justified.</i>	IT Manager		26/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
O2	Operational	Failure to meet statutory requirements for disclosure of information to scheme members.	Leading to Poor customer service and reputational damage. Censure and potential fines from the Pensions Regulator and other statutory bodies; Potential for inaccurate data to flow into the 2019 actuarial valuation process and to impact the correct calculation of member benefits.	Head of Pensions Admin	Production of the ABS is dependent on receipt of timely returns from employers. The updated Administration Strategy from March 2018 incorporates SLA's and improves upon them in terms of fines being levied for employers who are non-compliant; Production process for 2018 was brought forward to ensure sufficient contingency time; Joiner/leaver processes configured to meet statutory disclosure requirements.	6	I = M P = L	2	I = L P = VL	Introduction of monthly data collection from April 2018 removes reliance on year-end returns so production process will begin in June rather than July from 2019; ABS's to be issued online from 2019 which further reduces the production schedule and process can be managed fully in house; Administration performance reporting to Authority to focus on statutory compliance. Data Quality Improvement Plan to be implemented. Review of ABS process in light of 2020 issues including the quality (as opposed to timeliness) of monthly data submissions. <i>Comment 26/08/21 - At the time of writing, the 2021 ABS exercise is not yet complete (although close to 99% of statements have been issued) with data issues being worked through on the remaining statements. Further activity to address long standing data issues is now planned for the coming year, together with changes to project and programme management arrangements within Pension Administration. Given the progress this year a reduction in the probability of issues to Low, and therefore in the score from 9 to 6, is justified.</i>	Head of Pensions Administration		26/08/2021
O3	Operational	Closure of Government Guaranteed Minimum Pension service and reconciliation exercise.	Leading to Significant under/overpayments of existing pensions in payment causing member hardship and reputational damage; Workload pressures of adjustment to excess volumes of member records. Failure to maintain adequate records going forward.	Head of Pensions Admin	Reputable external provider appointed to meet initial HMRC deadline of 31 October 2018; External provider currently handling responses finally received from HMRC to all mismatch queries raised. The final report from HMRC will allow the external provider to carry out a full final reconciliation across the database before we move to rectification. The final reconciliation is expected to be a two month project.	12	I = H P = M	6	I = M P = L	Liaison with LGPS funds to aim to ensure consistent approach to rectification once reconciliation finalised. Assurance work to be commissioned once HMRC issue final liability report <i>Comment 31/08/21 - The final liability comparison report has been received from the external provider but a number of data sets require further individual investigation before the final "closing" position can be established. It is anticipated that a programme of work to correct relevant records will be completed by 31 March 2022 to feed into the 2022 valuation for funding purposes, though rectification for existing pensions in payment may take longer.</i>	Head of Pensions Administration		31/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
O4*	Operational	Significant reduction in productive capacity due to impact of the virus on sickness levels	Creation of backlogs of work and potential for missing key deadlines. Potential for backlogs of retirements to result in financial hardship and large arrears payments. Potential for backlogs of death cases to result in the need to recover large overpayments Failure to meet statutory deadlines for case processing and for issue of Annual Benefit Statements.	Senior Management Team	Monitoring of sickness levels and productivity through regular SMT Business Continuity calls. Clear criteria within which casework is prioritised. Risk of compliance failures raised with TPR at national level with request to consider flexibility if required. Annual Benefit Statement exercise to start in May rather than July to balance workloads.	6	I=M P=L	12	I=M P=H	Reassessment of priority activities to concentrate on those activities that directly impact: -The retirement process -Pensioner deaths and deaths in service -Payment of staff and supplier -Collection of all forms of income Redeployment of resources from support areas (Engagement, Technical UPM Team) to casework and from other corporate areas to financial processing. <i>Comment 26/08/21 - While there has been some increase in sickness levels this year these are not at an abnormal level. Should there not be any spike in sickness to an abnormal level following the process of returning staff to the office then it would be the intention to remove this risk from the register before the end of the year.</i>	Senior Management Team		26/08/2021
O5	Operational	Disruption to services due to failure to complete the works required to Oakwell House on time and on budget	This would require all staff to work at home for an additional period and there could be disruption and additional cost if the server infrastructure cannot be relocated before the end of the current lease.	Director	Key contract deliverable for the main contractor is aimed to facilitate relocation of the data centre prior to the end of the current lease even if the building works are not completed. Contract documents will be issued with as detailed a price as possible which should have the effect of mitigating the cost risk.	9	I=M P=M	6	I=M P=L	Further mitigations will become available when the contract for the main contractor has been agreed at which point the budgetary issues will become clear <i>Comment 26/08/21 - Main building contract has now been let and procurement is in hand for ancillary services such as the installation of AV faculties which will provide a final price for the necessary works. The main building contract is working to a timeline which meets the Authority's requirements for the vacation of Gateway Plaza and also prioritises the transfer of the data centre. While some risk remains around the budget the greater certainty over the timescale will allow a reduction in the impact score to Medium and thus reduce the score from 12 to 9.</i>	Director		26/08/2021

Risk No	Risk Type	Risk Title	Risk Consequences	Risk Owner	Existing Control Measures	Current Score	Probability & Impact	Target Score	Probability & Impact	Risk Mitigation Action	Owner	Risk Change at Review	Last Review Date
P1	People	Failure to maintain a suitably qualified and experienced workforce which reflects the community which the Authority serves.	Leading to Continuing imbalances in the Authority's workforce which create the potential for a sudden loss of a significant amount of experience. Skills gaps through a lack of succession planning. Reputational damage through criticism of the lack of diversity in the workforce. Impact on productivity and organisational resilience.	Director	A structured career grade scheme supported by highly structured and exam based training is in place for a key group within the pension administration workforce. Procedures within pension administration are well documented. Identification of potential single points of failure and production of plans to eliminate them. Production of an HR and Organisational Development Strategy targeting these issues.	9	I = M P = M	6	I = L P = M	Full implementation of the HR and Organisational Development Strategy. Formalise workforce and succession planning arrangements Implement Management. Development Programme covering all staff with supervisory and wider management responsibilities. Identification of potential single points of failure and production of plans to eliminate them. <i>Comment 26/08/21 - Work in relation to learning and development and preparations to work towards Investors in People have begun although it is too early at this stage to reduce the score for this risk.</i>	Director		26/08/2021
