5 Background and Options

5.1 s 55(1) of the Local Government Pension Scheme Regulations 2013, requires that:

An administering authority must prepare a written statement setting out—

- a) whether the authority delegates its functions, or part of its functions under these Regulations to a committee, a sub-committee or an officer of the authority;
- b) if the authority does so—
 - i. the terms, structure and operational procedures of the delegation,
 - ii. the frequency of any committee or sub-committee meetings,
 - iii. whether such a committee or sub-committee includes representatives of Scheme employers or members, and if so, whether those representatives have voting rights;
- c) the extent to which a delegation, or the absence of a delegation, complies with guidance given by the Secretary of State and, to the extent that it does not so comply, the reasons for not complying; and
- d) details of the terms, structure and operational procedures relating to the local pension board established under regulation 53(4) (Scheme managers).

5.2 An administering authority must keep a statement prepared under paragraph (1) under review, and make such revisions as are appropriate, following a material change to any of the matters mentioned in that paragraph.

5.3 The Statement produced under s 55(1) is known as the Governance Compliance Statement, and an updated version of the SYPA statement following its annual review is at Appendix A. There have been no fundamental changes in the Statement, but some additional text has been added to reflect some changes to the constitution made this year and the fact that all public meetings are now webcast.

5.4 As part of the overall assurance gathering process associated with the Annual Governance Statement it is appropriate that the Audit Committee consider the Statement and, if content, recommend its approval to the Authority at its next meeting.

5.5 Fundamental changes to the Governance Compliance Statement will be required when the regulatory changes arising from the Good Governance Review are approved and those identified last year are in hand as part of ongoing works. It is anticipated that the relevant regulatory changes will be made during 2023

5.6 Members are invited to consider the Annual Governance Statement and determine whether they wish to recommend its approval to the Authority.

6 Implications

6.1 The proposals outlined in this report have the following implications:

Financial	None
Human Resources	None
ICT	None
Legal	None
Procurement	None
