Foreword

Becoming a member of the Pensions Authority or the Local Pension Board for the first time can be daunting for anyone who has not previously been involved in the running of a major financial institution, which is most people.

The reality of course is that Members of the Authority and the Board are not expected to understand the finer nuances of financial markets; their overriding responsibility is to ensure that the organisation acts in the best interests of the present and future beneficiaries of the South Yorkshire Pension Fund.

With this responsibility comes an obligation on members individually and collectively to ensure that they possess sufficient knowledge and understanding of the issues that will come before them to effectively question and challenge officers and advisers before coming to decisions.

This Strategy provides a framework for identifying the learning and development that members of the Authority and Local Pension Board need to carry out their role, as well as identifying both an annual programme of supported activity and an appropriate level of commitment by members to ensure that the relevant level of knowledge and understanding is maintained. The strategy is flexible enough to allow for the fact that individual Members have different skills, experience and knowledge and can be tailored to suit Member needs and capacity.

We hope that you will embrace the learning and development programme to help the Pensions Authority to meet its objective of providing effective and transparent governance.

George Graham
Director

Introduction

South Yorkshire Pensions Authority is committed to continuous improvement as a key part of its overall approach to service delivery. As part of this, members of the Authority and the Local Pension Board, as well as the Authority's officers, have an obligation to ensure that they have a level of knowledge and understanding of the issues with which they are dealing to allow them to make properly informed decisions.

The purpose of this Learning and Development Strategy is to provide a framework for Members to access the support they need and enables the Authority to manage the risk of failing to meet its objectives if Members are not adequately trained and kept up to date on Pensions Administration, Governance and Investment matters. Separate but similar arrangements apply to the Authority's staff.

This strategy has been produced with reference to CIPFA's framework for knowledge and skills, which represents a best practice standard in this area.

Obligations on Members

The specific obligations placed on Members of the Authority and the Local Pension Board in relation to knowledge and understanding differ. However, while they may be arrived at by different routes, the end point is the same.

Members of the Authority are under a common law obligation to act reasonably. This means that in making decisions they should evaluate evidence and come to a decision that would be arrived at by a reasonable person having considered the same evidence. To consider and weigh evidence it is necessary to have sufficient expertise, skills, and knowledge to challenge the evidence being considered. These obligations are amplified in the Principles for Investment Governance which are set out in Appendix 1.

Members of the Local Pension Board are required by the relevant regulations to maintain a level of knowledge and understanding sufficient for them to carry out the functions of their role. A similar requirement is proposed for Authority members, likely to be come into force in the next year.

In both cases, the Pensions Regulator's General Code of Practice (the Code) defines requirements for the maintenance of knowledge and understanding by those involved in the "governing body" of a pension fund. This Learning & Development strategy reflects the requirements of the Code and the Authority will be required to monitor and report upon compliance with the Code at both an individual member level and collectively. The Regulator indicates that members of the "governing body" can be expected to undertake between 15 and 25 hours of learning activity each year.

Given these obligations on individuals, it is incumbent on the Authority as an institution to assess the learning and development needs of Members on an ongoing basis and to put into place a programme of activity to address the needs identified. Equally it is incumbent on Members to take advantage of the opportunities offered, both in fulfilment of their obligations and to avoid the wasting of public money, and consequently this strategy sets out some minimum expectations in terms of the commitment required to learning and development activity.

Aims and Objectives

The overall **aim** of the Strategy is to provide clear direction and purpose in respect of learning and development to achieve:

- Well-equipped Members who are confident and able to carry out their roles and responsibilities effectively.
- A consistent approach to Member learning and development.
- Equality of opportunity.

The **objectives** of the Strategy are:

- To establish an environment where Member learning and development is seen as an integral part of the governance role of Members of the Authority and of the Local Pension Board.
- To equip Members with the knowledge and skills necessary to fulfil their role in the delivery of a high-quality service to scheme members and employers.
- To ensure all Members are provided with a level of learning and development appropriate to their roles and responsibilities on the Pensions Authority or Local Pension Board.
- To ensure learning and development is available to all Members irrespective of seniority, length of service and political affiliation.
- To enable Members to have a clearer understanding of their personal responsibility for continuous development and to facilitate this process.
- To provide learning and development in line with the commitment to equal opportunities.

Establishing Learning Needs

Each year prior to the relevant Annual Meeting, the Head of Governance and Corporate Services will work with each member of the Authority and Local Pension Board to establish their individual learning and development needs. For members appointed at other times the assessment will take place prior to their first meeting and continue to form part of their year one induction programme.

This process will be supported through the results of the Hymans Robertson national knowledge assessment. The result of the assessment is the starting point of a process which will seek to:

- Establish the individual member's assessment of their level of knowledge and understanding in 8 areas:
 - i. Committee Role and Pensions Legislation
 - ii. Pensions Governance
 - iii. Pensions Administration

- iv. Pensions Accounting and Auditing Standards
- v. Procurement and Relationship Management
- vi. Investment Performance and Risk Management
- vii. Financial Markets and Product Knowledge
- viii. Actuarial Methods Standards and Practices

- Compare the collective assessment for each of the Authority and the Local Pension Board against the CIPFA Knowledge and Skills Framework standards and the specific work programmes for the Authority and Local Pension Board.
- As a result of this comparison identify:
 - Fundamental knowledge gaps applying to individual members
 - Weaknesses in the collective knowledge and understanding of either the Authority or Local Pension Board.
- Produce a programme of activity which will address any gaps and weaknesses identified, provide a refresh of current knowledge, and provide understanding of current and future developments affecting the Authority.
- Conduct an annual Member Away Day where Authority and LPB members will undertake a joint training programme to ensure knowledge and skills are aligned across the Authority.

For the Authority this process will be undertaken in consultation with the Director, Head of Governance and Corporate Services and the Independent Investment Advisers. For the Local Pension Board, it will be undertaken in consultation with the Director, Head of Governance and Corporate Services, and the Independent Adviser. The Chairs of the Authority and Local Pension Board will be consulted before the finalisation of any programme which will be presented to the Annual Meeting of the relevant body.

Mandatory Requirements

All members of the Authority and the Local Pension Board are required within 3 months of joining the relevant body to have completed:

- The LGPS Online Learning Academy (provided by Hymans Robertson)

In addition, new members will be provided with the Members' Handbook which contains a considerable amount of introductory information, and which is supported by a short reading list. They will be expected to self-certify that they have completed reading of the Members' Handbook before their first meeting.

Any new member who wishes to will also be supported during their first year of membership to undertake the Local Government Association's 3-day Pensions Fundamentals course.

These requirements ensure that all members are provided with a core level of knowledge on joining the Authority.

An annual training programme will be provided alongside the Annual Meetings of the Authority and the Board which all members are required to attend.

For members who join either the Authority or the Board during the municipal year, an induction session with one of the Authority's Senior Management Team will be provided. New members joining during the municipal year will be required to complete this session prior to attending their first meeting. A year one induction programme will be created for each new Member to assess progress of knowledge and skills. Where possible, a buddying arrangement for new Members with a long-standing Member for peer support will be implemented during the induction period.

Annual Learning and Development Programme

The Authority's officers will each year develop an annual learning and development programme for the Authority and the Local Pension Board in the light of the assessment of learning and development needs.

The programme will comprise of several elements:

- Access to online learning materials and background reading.
- Seminars organised specifically for SYPA which will be held virtually or in person – with a hybrid option offered wherever practically feasible. Some of these will be targeted at members of either the Authority or the Local Pension Board, although each will be open to all.
- Targeted 'bite-size' 30-minute training sessions for Audit & Governance Committee members that will be held directly after the end of each Committee meeting.
- The opportunity to attend externally organised online events.
- The opportunity to attend a selected range of externally organised in-person events.
- An annual Members' Away Day with a range of speakers and topics for Authority and Board members to join together in undertaking learning and development.

It is expected that members of the Authority and the Board will:

- Undertake reading to address their individually identified learning needs and to support preparation for meetings of the Authority and Board.
- Attend those seminars which are identified as relevant to their role; including the Border to Coast Annual Conference.
- Attend online events which address their individually identified learning needs.
- Share materials from external events with other members through the online reading room.

In addition, it is expected that new members will:

- Undertake the core activity required to achieve a minimum level of knowledge and understanding during their first year of membership, including the completion of the Hymans Robertson LGPS Online Learning Academy modules within the first 3 months.

- Undertake the required initial background reading prior to their first meeting.
- New members will also be supported to undertake the LGA's LGPS Fundamentals course within their first year of membership.

Wherever possible and appropriate, the Authority will work in partnership with other local government pension funds to share learning and development and any associated costs.

In addition, where specific learning needs are identified which can be addressed through one-to-one or small group sessions with the Authority's officers, these will be provided in addition to the core schedule of activity. These will be offered on MS Teams to provide greater flexibility for Members.

The proposed programme of seminars and external events for the 2025/26 Municipal Year is set out in the Appendices to this strategy. Details of online learning opportunities will be circulated to members as they become available.

Resourcing

The level of resources allocated to support training and development activity in 2025/26 is as follows:

Training Budgets	2025/26 £
Authority	9,500
Local Pension Board	8,800
Total	18,300

Attendance at relevant external in-person events will generally be promoted and encouraged, and there will therefore be no default maximum limit on attendance, subject to the numbers being manageable in terms of available budget and value for money. The Border to Coast Annual Conference is noted as an event that is strongly encouraged for members to attend and the maximum possible number of places for this conference will be made available. Any revision to the number of member attendees for external events and conferences will be at the discretion of the Director.

Monitoring Evaluation and Review

A five-stage evaluation process is proposed to monitor the success of the Member Learning and Development Strategy. This process is intended to measure the benefits to:

- Individual Members.
- Pensions Authority and Local Pension Board in meeting their priorities.
- Pensions Authority and Local Pension Board Stakeholders

Stage 1 – Identifying expected outcomes

- Establish expected outcomes – what do Members want to achieve from taking part in courses, workshops? E.g., gain a new skill, improve knowledge on a particular subject.

Stage 2 – Evaluation of learning activity

- Immediate response to learning activity.
- How relevant was the learning activity to agreed outcomes?

Stage 3 – Assessing Impact

- Check whether outcomes have been met via the annual Development Discussion.
- Feedback from others – trainers, other participants.
- Assess how attitude, knowledge or skill has improved and how this will be used / applied in the context of the Pensions Authority.

Stage 4 – Annual review of learning and development

- Review learning and development activity and identify new requirements, e.g., Member request, new legislation, new expectations, change in roles etc. Address areas identified for further improvement of knowledge.

Stage 5 – Value for Money

- Assess money spent against learning outcomes and performance measures to demonstrate value-for-money.

Details of the volume of formal learning and development activity undertaken by members of the Authority and the Local Pension Board must be published within the Authority's annual report each year. Over time it is expected that this will evolve to include a qualitative assessment in addition to purely quantitative measures.

Members must ensure that they properly record and evaluate their participation in learning activity using the means provided by the Authority and provide details of their attendance at events to the governanceteam@sypa.org.uk .

This Strategy reflects an approach which focuses on providing learning and development for Members rather than formal training. The Strategy will be reviewed annually to keep pace with national and local changes and to reflect the development of the annual programme of activity.

Appendix 1 – Principles for Investment Governance

Principle 1 – Administering authorities should ensure that decisions are taken by persons or organisations with the skills, knowledge, advice, and resources necessary to make them effectively monitor their implementation, and those persons or organisations have sufficient expertise to be able to evaluate and challenge the advice they receive and manage conflicts of interest.

Principle 2 – Trustees should set out an overall investment objective(s) for the fund that takes account of the scheme’s liabilities, the strength of the sponsor covenant and the attitude to risk of both the trustees and the sponsor, and clearly communicate these to advisers and investment managers.

Principle 3 – In setting and reviewing their investment strategy, trustees should take account of the form and structure of liabilities. These include the strength of the sponsor covenant, the risk of sponsor default and longevity risk.

Principle 4 – Trustees should arrange for the formal measurement of the performance of the investments, investment managers and advisors. Trustees should also periodically make a formal policy assessment of their own effectiveness as a decision-making body and report on this to scheme members.

Principle 5 – Trustees should adopt, or ensure their investment managers adopt, the Institutional Shareholders’ Committee (ISC) Statement of Principles on the responsibilities of shareholders and agents. A statement of the fund’s policy on responsible ownership should be included in the Statement of Investment Principles. Trustees should report periodically to members on the discharge of such responsibilities.

Principle 6 – Trustees should act in a transparent manner, communicating with stakeholders on issues relating to their management of investment, its governance, and risks, including performance against stated objectives. Trustees should provide regular communication to members in the form they consider most appropriate.

Throughout the principles above, the word ‘Trustees’ should be taken to refer to members of the Authority.

From the Myners Report on Institutional Investment in the UK (2001).

Appendix 2 – Internal Seminar Programme 2025/26

Target Audience:	Authority Members	Local Pension Board Members
Date		
05 June 2025	Training and Induction: Investment Strategy 101 - Independent Investment Advisers De-mystifying Pensions Administration Part 1	
07 August 2025		Pensions Administration - Understanding Management Information
11 September 2025	Valuation and Assumptions findings/report	
06 November 2025		Pensions Administration - Understanding the Operation
27 November 2025	Members' Away Day – for CPD Training & Development	
12 February 2026	Investment Strategy Briefing	
19 February 2026	CEM Benchmarking results for both administration and investments - External CEM	
12 March 2026	Pensions Administration - Update on Pensions Dashboard	
23 April 2026		Risk Management

Appendix 3 – Approved External Events

Details of further events will be provided when they become available if relevant. Members may receive invitations to some events directly but should not respond to these without first consulting with the Governance team as only attendance at events agreed as suitable by the Authority will be supported.

These events tend to be arranged in the same week each year and where there are clashes with Authority meetings, we will look to remove these in future years.

Target Audience: Date	Authority Members	Local Pension Board Members
TBC May 2025		CIPFA Annual Conference for LPB Members
16-18 June 2025	PLSA Local Authority Conference	
25-26 September 2025	Border to Coast Annual Conference	
TBC November 2025		CIPFA LPB Member Training – Autumn Series
TBC November / December 2025	LAPFF Conference	
29 – 30 January 2026	Local Government Association LGPS Governance Conference	

Priority for bookings will always be given to members of the relevant target audience. Where the target audience is universal, places will be allocated on a first come first served basis.

In addition, details of webinars (live or available on-demand), articles and podcasts on relevant topics during the year are notified to members through the monthly member update newsletter emailed to all Authority and Board members at the end of each month.
